

The Maggie Daley Speaker Series in partnership with FXW SET Program welcomes

Dr. Jean Twenge, *psychologist and author*

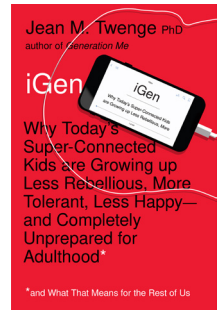

February 6, 2019
7:00 p.m., HNC Auditorium

Join us for our next event in the Maggie Daley Speaker Series: **Dr. Jean Twenge**, psychologist and author of the popular book, *iGen: Why Today's Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy—and Completely Unprepared for Adulthood*.

Through her research on the “iGeneration”—the first generation to spend their adolescence with smartphones—Dr. Twenge has found that iGen’ers are growing up more slowly as adolescents, spending more time online, and spending less time with their friends in person. Perhaps as a result, they are more likely to experience unhappiness, anxiety, and depression.

At the event, Dr. Twenge will share her research and ideas on how we can help the iGeneration be healthier and happier during their tween and teen years.

To register for this event, please visit <https://tinyurl.com/JeanTwenge>

Our SET Program is designed to open lines of communication between school and home and to introduce and provide resources that will support your family when tackling issues related to technology and social media use.

The Maggie Daley Speaker Series

In addition to providing a unique and outstanding education for our students, FXW is also committed to offering learning opportunities for parents, education professionals, and the community at large. Our Maggie Daley Speaker Series provides an ideal forum for us to discuss and explore issues that are vital to our school community, our city, and our world.

By providing ongoing opportunities to learn and converse with one another, we are both honoring Maggie Daley's vision for FXW and carrying forth her legacy for years to come. As our logo suggests, we are certain that this would receive Maggie's "stamp of approval."

With our events, we have focused and will continue to focus on fostering:

- *Social-Emotional Learning*, including persistence and responsibility, executive functioning, and self- and social-awareness
- *Diversity, Equity, and Inclusion*, including best practices for creating a truly pluralistic community
- *A Healthy Family Life*, including strategies for navigating technology and other aspects of our modern world

Upcoming Events

John Franklin

April 16, 2019

8:30 a.m., HNC Auditorium

FXW alumnus John Franklin will speak to students and parents about his experiences as an intern for both Google and Pixar, as well as his participation in VHacks, the first-ever student hackathon hosted at Vatican City. Selected last year as Northwestern University's Co-op Student of the Year, John will also talk about the ways in which FXW prepares students for high school and beyond.
