

THE  
FRANCES XAVIER WARDE  
SCHOOL

## THE VALUE OF AN FXW EDUCATION

Frances Xavier Warde came to the United States from Ireland in 1843 to launch the American Sisters of Mercy. Known as the “walking nuns”, Mother Warde and her companions would travel to the most challenging areas to care for the sick and the poor. Within two years of arriving in the United States, the spirited Mother Warde had opened a girls’ academy and a parochial elementary school. Her model was to use the proceeds from the tuition-based girls’ academy to support the education of poorer children in the growing cities. Mother Warde’s faith and energy led her to numerous states to establish additional schools, orphanages, and hospitals. A compassionate, determined and faith-filled woman, Mother Frances Xavier Warde believed in the power of positive thinking. She obtained results by focusing on the good in every person, place and happening.

Since 1989, The Frances Xavier Warde School, like Mother Warde, has been an energetic, spirited and unstoppable institution. We are proud to bear her name, and strive daily to be the embodiment of Mother Warde’s spirit of hospitality and fearless determination; providing Chicago’s children with an outstanding, faith-based, service-oriented education.

In keeping with the mission of The Frances Xavier Warde School, tuition assistance is available for families who demonstrate financial need.
